March 9, 2009

To whom it may concern,

It is with great joy and confidence that I write this letter of recommendation and support for Trulane General Contracting, Inc. Following completion of my dental training in 2005, I began the arduous task of building a new pediatric dental office. After interviewing several highly recommended contractors, I decided upon Trulane General Contracting, Inc. based in large part because of my interactions with David Lewis. In addition to Trulane's level of experience in medical/dental construction, I was very impressed with David's openness and honesty, his thorough and exhaustive work in providing an accurate quote, and his obvious commitment to excellence.

As with any construction, the timing of this project was very important, and Trulane was able to meet all appropriate project deadlines. Their commitment to customer service was also evident in how quickly "punch list" items were completed at the end of construction, regardless of how seemingly small. Overall, the finished product exceeded my expectations, and I am proud to be the owner of one of the most beautiful and unique dental offices in Charleston. Therefore, it is with the highest level of confidence and trust that I recommend Trulane General Contracting, Inc. for licensure in the state of North Carolina.

Sincerely,

A handwritten signature in black ink that reads "Paul A. Galloway". The signature is fluid and cursive, with a long, sweeping tail on the final letter.
